“What I love about perennials is the diversity – in species and varieties, in production (different propagations, all seasons) and in type of customers traditional perennials growers and horticultural growers. Our most interesting novelty this year - the Helenium Hayday - found a place in my garden last year and I cannot wait for it to reappear this year.

Was ich an den mehrjährigen Pflanzen schätze, ist ihre Vielfalt – bei den Arten und Sorten, bei der Produktion (unterschiedliche Vermehrungsmöglichkeiten zu jeder Jahreszeit) und bei den Kundentypen, den traditionellen Staudengärtnern und den Zierpflanzenproduzenten. Unsere interessanteste Neuheit 2021 – Helenium Hayday – hat im vergangenen Jahr einen Platz in meinem Garten gefunden, und ich kann es kaum erwarten, dass sie wieder zum Vorschein kommt und zu blühen beginnt.

Wat ik mooi vind aan vaste planten is de diversiteit - in soorten, in productie (verschillende vermeerdering, het gehele seizoen) en in type klanten (traditionele vaste plantenkwekers en telers). Onze meest interessante introductie dit jaar is Helenium Hayday. Ik heb vorig jaar een plekje in mijn tuin gevonden en kan niet wachten tot hij dit jaar weer opkomt.
